VOLUME 75 • SUBJECT INDEX

abdominal pain, A patient with recurrent acute abdominal pain, **171**
Back pain and fever, **51**
abdominal wall, Acute abdominal pain following anticoagulation, **569**
acanthosis nigricans, Clearance of acanthosis nigricans associated with the HAIR-AN syndrome after partial pancreatectomy: an 11-year follow-up, **421**
accident and emergency medicine, Analysis of blood tests in the emergency department of a tertiary care hospital, **662**
Training and supervision needs and experience: a longitudinal, cross-sectional survey of accident and emergency department senior house officers, **86**
ACE inhibitors, ACE inhibitors and angioedema: *letter,* **189**
ACE inhibitors and heart failure in hospital: any difference between cardiologists and general physicians?, **219**
ACE inhibitors and insulin sensitivity: *letter,* **445**
Evaluation of renal function in elderly heart failure patients on ACE inhibitors, **275**
Heart failure: the rules of halves: *letter,* **703**
The use of statins following AMI: *letter,* **382**
acemetacin, Medication-induced oesophageal injury leading to broncho-oesophageal fistula, **379**
acetazolamide, Calcium phosphate stones during long-term acetazolamide treatment for epilepsy, **427**
acid-suppressing drugs, Co-prescription of H2 receptor blockers and proton pump inhibitors with warfarin in general practice, **721**
acne vulgaris, Acne: a review of immunologic and microbiologic factors: *review,* **328**
acute myeloid leukaemia, A rare case of radiculopathy, **53**
Extramedullary myeloid cell tumour: presentation as anterior chest wall mass during AML relapse, **483**
acyclovir, Fever and dyspnoea in a young man with a rash, **251**
Addison's disease, Clinical presentation of thyroid dysfunction and Addison's disease in young adults with type 1 diabetes, **467**
adrenal insufficiency, Hypotension and intractable vomiting in the first trimester of pregnancy, **623**
adrenal lesion, Difficulties in the diagnosis of an intra-abdominal mass, **559**
adrenocortical carcinoma, Lack of response to octreotide in Cushing's syndrome due to metastatic adrenocortical carcinoma, **96**
advanced glycation end-products, Inhibition of advanced glycated end-products: *letter,* **446**
adverse drug reaction, An elderly man with dysphasia and pyrexia, **307**
Asthma precipitated by cessation of lithium treatment, **637**
Calcium phosphate stones during long-term acetazolamide treatment for epilepsy, **427**
Ciprofloxacin-induced bone marrow depression, **571**
Drug-induced syndrome of inappropriate antidiuretic hormone secretion, **509**
Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
Haemolytic anaemia associated with indinavir, **313**
Hypersensitivity pneumonitis associated with co-proxamol (paracetamol + dextropropoxyphene) therapy, **475**
Medication-induced oesophageal injury leading to broncho-oesophageal fistula, **379**
Omeprazole and excessive sweating, if unrecognised, may lead to unnecessary investigations, **701**
Quinine-mediated disseminated intravascular coagulation, **429**
Recurrent aseptic meningitis following non-steroidal anti-inflammatory drugs – a reminder, **771**
Warfarin-induced skin necrosis, **233**
age-factors, Outcome of oesophagogastric carcinoma in young patients, **22**
AIDS, A focal central nervous system mass in an AIDS patient with tuberculous meningitis, **697**
Cytomegalovirus retinitis in patients with acquired immune deficiency syndrome: *review,* **585**
Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
HIV infection and seizures: *review,* **387**
Pancreatitis and chronic abdominal pain in a patient with AIDS, **371**
Visceral leishmaniasis masquerading as tuberculosis in a patient with AIDS, **732**
Aikido, A non-contact complete knee dislocation with popliteal artery disruption, a rare martial arts injury, **552**
albendazole, Brain parenchymal, subarachnoid racemose, and intraventricular cysticercosis in an Indian man, **164**
alcohol, Pancreatic cancer: any prospects for prevention?: *review,* **521**
An unusual cause of abdominal pain following an alcoholic bout, **123**
aldosterone, Calcium-channel blockade can mask the diagnosis of Conn's syndrome, **235**
alopecia, Sore mouths and itchy wrists, **177**
amaurosis fugax, Extracranial cerebrovascular disease – a management dilemma, **635**
amiodarone, Amiodarone in atrial fibrillation: *letter,* **703**
Efficacy and safety of intravenous amiodarone in recent-onset atrial fibrillation: experience in patients admitted to a general internal medicine department, **278**
ammonium chloride challenge test, Growth failure: an unusual clinical problem, **760**
ammonium tetrathiomolybdate, A homesick student, **375**
amphetamines, Intracerebral haemorrhage in previously healthy young adults, **499**
amyloidosis, The uncommon denominator, **557**
anaemia, An unusual cause of anaemia: *letter,* **188**
An elderly man with dysphasia and pyrexia: *letter,* **639**
angioedema, ACE inhibitors and angioedema: *letter,* **189**
ACE inhibitors and angioedema: *letter,* **189**
angioplasty, The role of coronary angioplasty and stenting in acute myocardial infarction: *review,* **591**
anthracycline, Anthracycline-induced cardiomyopathy., **265**
antibody deficiency, Primary antibody deficiency and Crohn's disease, **161**
anticoagulation, A rare complication of dental abscesses, **749**
Abdominal pain in a patient using warfarin, **747**
Acute abdominal pain following anticoagulation, **569**
antioxidant enzymatic defence proteins, Inhibition of advanced glycated end-products: *letter,* **446**
antioxidants, Alterations in enzymatic antioxidant defence in diabetes mellitus – a rational approach, **13**
antiphospholipid antibody, Warfarin-induced skin necrosis, **233**
antiphospholipid syndrome, Recurrent thrombo-embolic episodes: the association of cholangiocarcinoma with antiphospholipid syndrome, **45**
Refractory thrombocytopenia, recurrent abortions and inferior vena cava thrombosis, **744**
aortic arch abnormality, A neonate with an unusual pulse discrepancy, **181**
aortic dissection, Back pain and fever, **51**
aortic surgery, Hyperkalaemia following blood transfusion, **501**
aortitis, A patient with fever and an abdominal aortic aneurysm, **479**
aphthous stomatitis, Treatment of recurrent oral ulcers with mometasone furoate lotion: *letter,* **574**
aplastic anaemia, Hepatitis G virus infection as a possible causative agent of community-acquired hepatitis and associated aplastic anaemia, **159**
Argemone mexicana, Epidemic dropsy in India: *review,* **657**
arrhythmia, Atrial flutter in a young man with a highly competitive and stressful occupation, **175**
Digoxin, hypercalcaemia, and cardiac conduction, **554**
arteriovenous malformation, A large pelvic arteriovenous malformation in an adult patient with cystic fibrosis, **353**
arthritis, Acute lymphoblastic leukaemia presenting with arthritis in an adult patient, **425**
Cushing's disease masking coincidental steroid-responsive diseases, **43**
asthma, A wheezy man with a bony abnormality, **503**
Asthma precipitated by cessation of lithium treatment, **637**
Challenges in changing to non-chlorofluorocarbon inhalers in the treatment of asthma: *review,* **710**
atherosclerosis, Atherosclerotic renal artery stenosis: from diagnosis to treatment: *review,* **527**
atrial fibrillation, Amiodarone in atrial fibrillation: *letter,* **703**
Efficacy and safety of intravenous amiodarone in recent-onset atrial fibrillation: experience in patients admitted to a general internal medicine department, **278**
atrial flutter, Atrial flutter in a young man with a highly competitive and stressful occupation, **175**
atrial mass, Fever of unknown origin, **495**
atrial myxoma, Congestive heart failure and septic abortion, **117**
audit, ACE inhibitors and heart failure in hospital: any difference between cardiologists and general physicians?, **219**
A regional survey of chest drains: evidence-based practice?, **471**
Diagnostic approach to patients with suspected pulmonary embolism: a report from the real world, **285**
Funduscopy: a forgotten art?, **282**
Production and evaluation of guidelines for the management of inflammatory bowel disease: the Leicester experience, **147**
Prospective audit of a respiratory sleep disorders service at District General Hospital level, **414**
Targeting pneumococcal vaccination to high-risk groups: a feasibility study in one general practice, **208**
autoimmune disorders, A young woman with fluctuating hypo- and hyperthyroidism, **243**
Clinical presentation of thyroid dysfunction and Addison's disease in young adults with type 1 diabetes, **467**
Cogan's syndrome: an oculo-audiovestibular disease: *review,* **262**

Eye disease in a patient with rheumatoid arthritis, **676**
autonomic dysfunction, Lessons from a case of tetanus in an elderly woman, **631**

Bartter's syndrome, The pathophysiological and molecular basis of Bartter's and Gitelman's syndromes: *review,* **391**
Behcet's disease, A young man with repeated thromboses: *letter,* **254**
A young man with repeated thromboses: *letter,* **254**
bile duct microhamartomas, A rare but important cause of focal hepatic lesions, **567**
biography, My reminiscences of Sir Arthur Hurst, **643**
biotoxins, Ciguatera fish poisoning, **678**
black South Africans, Assessment of glycaemic control in stable type 2 black South African diabetics attending a peri-urban clinic, **603**
bladder, Primary lymphoma of the bladder treated successfully with mitozantrone gel, **609**
bladder rupture, An unusual cause of abdominal pain following an alcoholic bout, **123**
blindness, Non-organic visual loss: *review,* **201**
blood tests, Analysis of blood tests in the emergency department of a tertiary care hospital, **662**
blood transfusion, Hyperkalaemia following blood transfusion, **501**
blood–brain barrier, Myocardial infarction, seizure and an abnormal head CT scan, **757**
blunt injury, Surgical emphysema and pneumomediastinum in a child following minor blunt injury to the neck, **548**
body surface area, Do Indo-Asians have smaller coronary arteries?, **463**
Boerhaave's syndrome, Oral presentation of an oesophageal mucosal tear, **615**

collagenous colitis, Sudden-onset watery diarrhoea in a middle-aged woman, **369**
colligative properties, Osmosis, osmometry, and osmoregulation: *review,* **67**
colon, Lumbar hernia: a rare cause of large bowel obstruction, **231**
colonic cancer, Isolated cerebellar metastasis from carcinoma of the colon, **119**
colovesical fistula, Gangrenous cystitis: a rare cause of colovesical fistula, **34**
communication, Achieving a patient-centred consultation by giving feedback in its early phases, **405**
Communication skills: *letter,* **254**
complex regional pain syndrome, A case of sympathetically maintained pain, **433**
computed tomography, Acute epigastric pain and recurrent vomiting in an elderly man, **305**
Why do Italian stroke patients receive CT scans earlier than UK patients?, **18**
confusional state, Reversible confusional state in an elderly man, **365**
congenital heart disease, A neonate with an unusual pulse discrepancy, **181**
conjunctiva, Conjunctival MALT lymphoma: an unusual cause of red eye, **423**
Conn's syndrome, Calcium-channel blockade can mask the diagnosis of Conn's syndrome, **235**
consultation, Achieving a patient-centred consultation by giving feedback in its early phases, **405**
contractures, Pentazocine-induced fibromyositis and contracture, **361**
contrast media, Myocardial infarction, seizure and an abnormal head CT scan, **757**
copper, A homesick student, **375**
co-proxamol, Hypersensitivity pneumonitis associated with co-proxamol (paracetamol + dextropropoxyphene) therapy, **475**
coronary artery, Do Indo-Asians have smaller coronary arteries?, **463**
coronary artery bypass graft, Spontaneous rupture of a saphenous vein graft, **363**
coronary artery disease, ACE inhibitors and insulin sensitivity: *letter,* **445**
Evolution of insulin resistance in coronary artery disease patients on four different pharmacological therapies, **27**
coronary heart disease, ACE inhibitors and insulin sensitivity: *letter,* **445**
corticosteroids, New weakness in a critically ill patient: *letter,* **774**
Spontaneous bilateral rupture of biceps tendons, **470**
craniopharyngioma, Syncope, the head ruling the heart, **437**
critical illness myopathy, New weakness in a critically ill patient, **301**
New weakness in a critically ill patient: *letter,* **774**
Crohn's disease, Fatal complication of coincidental operative finding, **625**
Primary antibody deficiency and Crohn's disease, **161**
Small bowel obstruction in a young adult, **173**
cryptococcosis, Massive pleural effusions in cryptococcal meningitis, **297**
cryptogenic fibrosing alveolitis, Polyuria in a patient with fibrosing alveolitis, **55**
cryptosporidium, Pancreatitis and chronic abdominal pain in a patient with AIDS, **371**
Cullen's sign, Unusual findings in a patient taking warfarin, **299**
Cushing response, Syncope, the head ruling the heart, **437**
Cushing's disease, Cushing's disease masking coincidental steroid-responsive diseases, **43**
Cushing's syndrome, Carcinoid-associated ectopic ACTH syndrome with variable response to octreotide, **98**
Lack of response to octreotide in Cushing's syndrome due to metastatic adrenocortical carcinoma, **96**
Octapeptide somatostatin-analogue therapy of Cushing's syndrome: *editorial,* **65**
cyanosis, Central cyanosis in a young man, **693**
cystic fibrosis, A large pelvic arteriovenous malformation in an adult patient with cystic fibrosis, **353**
cysticercosis, Brain parenchymal, subarachnoid racemose, and intraventricular cysticercosis in an Indian man, **164**
cytomegalovirus, Pancreatitis and chronic abdominal pain in a patient with AIDS, **371**
cytomegalovirus retinopathy, Cytomegalovirus retinitis in patients with acquired immune deficiency syndrome: *review,* **585**
debridement, Necrotizing soft tissue infections: *review,* **645**
deep vein thrombosis, Recurrent thrombo-embolic episodes: the association of cholangiocarcinoma with antiphospholipid syndrome, **45**
Tuberculosis presenting as deep vein thrombosis, **104**
dental abscess, A rare complication of dental abscesses, **749**
dental caries, Lung mass in a short woman, **561**
depression, Compensated hypothyroidism: *letter,* **445**
dextropropoxyphene, Hypersensitivity pneumonitis associated with co-proxamol (paracetamol + dextropropoxyphene) therapy, **475**
diabetes, A new diabetic patient with an abdominal mass, **249**
A respiratory complication of diabetic ketoacidosis, **753**
Alterations in enzymatic antioxidant defence in diabetes mellitus – a rational approach, **13**
Assessment of glycaemic control in stable type 2 black South African diabetics attending a peri-urban clinic, **603**
Clinical presentation of thyroid dysfunction and Addison's disease in young adults with type 1 diabetes, **467**
Gestational pancreatitis complicating uncontrolled diabetes mellitus, **241**
Inhibition of advanced glycated end-products: *letter,* **446**
Vomiting and constipation in an elderly diabetic woman, **699**
diabetic ketoacidosis, Diabetic ketoacidosis precipitated by thyrotoxicosis, **291**
diagnosis, Diagnostic approach to patients with suspected pulmonary embolism: a report from the real world, **285**
Diagnostic work-up in peripheral neuropathy: an analysis of 171 cases, **723**
Evaluation of the one-minute ultra-rapid urease test for diagnosing *Helicobacter pylori* , **154**
diarrhoea, A newborn with watery diarrhoea, **245**
An elderly man with diarrhoea and cellulitis, **685**
diet, Dietary linoleic acid, immune inhibition and disease: *review,* **129**
Pancreatic cancer: any prospects for prevention?: *review,* **521**
dietary supplements, Atrial flutter in a young man with a highly competitive and stressful occupation, **175**
dilated cardiomyopathy, Multiple left ventricular thrombi in dilated cardiomyopathy, **315**
diltiazem, Evolution of insulin resistance in coronary artery disease patients on four different pharmacological therapies, **27**
diplopia, Recurrent proptotic diplopia due to congestive expansion of cavernous haemangioma with relapsing right-sided cardiac failure, **607**
disability, All doctors are disabled, but some are more disabled than others: *editorial,* **260**
disseminated intravascular coagulation, Quinine-mediated disseminated intravascular coagulation, **429**
diverticular disease, An elderly man with diarrhoea and cellulitis, **685**
diverticulitis, Fatal complication of coincidental operative finding, **625**
dopamine, Can the use of low-dose dopamine for treatment of acute renal failure be justified?: *review,* **269**
dothiepin, High-dose intravenous glucagon in severe tricyclic poisoning, **611**
driving restrictions, Medical restrictions to driving: the awareness of patients and doctors, **537**
droperidol, Sudden death in a patient taking antipsychotic drugs: *letter,* **127**
drug interaction, Efficacy of statin therapy: possible effect of phenytoin, **359**
Sudden death in a patient taking antipsychotic drugs: *letter,* **127**
Dubin-Johnson syndrome, A yellow patient with hepatomegaly, **507**
dysphagia, Dysphagia and hypercalcaemia, **373**
dysphasia, An elderly man with dysphasia and pyrexia, **307**
An elderly man with dysphasia and pyrexia: *letter,* **639**

eating disorders, Smoking, eating disorders, and weight control: *letter,* **127**
echinococcosis, Methods of obtaining peripheral venous access in difficult situations, **459**
eclampsia, Modern management of eclampsia: *review,* **78**
ecstasy, Hyponatraemia and seizures after ecstasy use, **32**
ectopic ACTH, Carcinoid-associated ectopic ACTH syndrome with variable response to octreotide, **98**
education, Induction for senior house officers. Part I: The hospital programme, **346**
Induction for senior house officers. Part II: The departmental programme, **401**
Interprofessional learning: *letter,* **317**
OSCEs for house officers: *letter,* **574**
What's happening in undergraduate medical education?: *editorial,* **385**
elderly, Evaluation of renal function in elderly heart failure patients on ACE inhibitors, **275**
Lessons from a case of tetanus in an elderly woman, **631**
Medical restrictions to driving: the awareness of patients and doctors, **537**
electrocardiogram, Electrocardiographic abnormalities in an elderly woman, **505**
electrocution, Tachycardia following low-tension electrocution, **439**

electrolyte imbalance, Postural hypotension and electrolyte disturbances in a 61-year-old man, **185**
electrophysiology, Diagnostic work-up in peripheral neuropathy: an analysis of 171 cases, **723**
electroretinography, Non-organic visual loss: *review,* **201**
embolisation, A 60-year-old man with expressive dysphasia, **431**
Internal iliac artery embolisation for intractable bladder haemorrhage in the peri-operative phase, **167**
emergency surgery, Out-of-hours work in cardiothoracic surgery: implications of the New Deal and Calman for training, **351**
emphysema, A respiratory complication of diabetic ketoacidosis, **753**
An elderly man with diarrhoea and cellulitis, **685**
Surgical emphysema and pneumomediastinum in a child following minor blunt injury to the neck, **548**
empty sella syndrome, Collapse and hypothermia in an elderly woman in early summer, **441**
empyema, A variant of pyothorax-associated lymphoma, **613**
encephalopathy, High-grade glioma mimicking acute viral encephalitis – three case reports, **728**
encephalotrigeminal angiomatosis, A mentally retarded man with a nasal discharge, **367**
endocarditis, Aetiology and outcome in 53 cases of native valve staphylococcal endocarditis, **540**
endometrial cancer, Gynaecological cancer: *review,* **332**
endophthalmitis, A complication of intensive care, **179**
enteroclysis, Fatal complication of coincidental operative finding, **625**
enterococcal infection, Risk factors for acquisition of gentamicin-resistant enterococcal infection: a case-controlled study, **342**
epidemic dropsy, Epidemic dropsy in India: *review,* **657**
epidemiology, Pancreatic cancer: any prospects for prevention?: *review,* **521**
epilepsy, Concordance of primary generalised epilepsy and carbamazepine hypersensitivity in monozygotic twins, **680**
HIV infection and seizures: *review,* **387**
Sudden unexpected death in epilepsy: *review,* **706**
Epstein-Barr virus., Sudden hearing loss following acute hepatitis, **309**
erectile dysfunction, Physician attitudes and behaviour regarding erectile dysfunction in at-risk patients from a rural community, **83**
ergotamine tartrate, Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
ergotism, Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
ethics, Ethical issues in limb transplants: *editorial,* **513**
evoked potentials, Non-organic visual loss: *review,* **201**
exercise testing, The role of exercise testing in the evaluation and management of heart failure: *review,* **453**
exostoses, A child with multiple bony swellings, **563**

factitious hyperthyroidism, Thyrotoxicosis and low radioactive iodine uptake in a woman with Graves' disease, **125**
false aneurysm, Spontaneous rupture of a saphenous vein graft, **363**
familial Mediterranean fever, A patient with recurrent acute abdominal pain, **171**
fasciitis, Necrotizing soft tissue infections: *review,* **645**
fever, Back pain and fever, **51**
fever of unknown origin, A young woman with fever of unknown origin, **497**
Fever of unknown origin, **495**
fibroadenoma, Lobular carcinoma-in-situ within a fibroadenoma of the breast, **293**
fish odour syndrome, Fish odour syndrome: *review,* **451**
follicular carcinoma, Follicular carcinoma in a functioning struma ovarii, **617**
foreign body aspiration, A wheezy man with a bony abnormality, **503**
Pleural effusion and fever in a middle-aged Asian man, **687**
fracture, An unusual shoulder injury, **488**
frontoethmoidal mucocele, Recurrent proptosis and thyroid eye disease, **689**
funduscopy, Funduscopy: a forgotten art?, **282**
Fusobacterium necrophorum, Lemierre's syndrome (necrobacillosis): *review,* **141**

gall stone ileus, Vomiting and constipation in an elderly diabetic woman, **699**
gangrenous cystitis, Gangrenous cystitis: a rare cause of colovesical fistula, **34**
gas gangrene, Necrotizing soft tissue infections: *review,* **645**
gastrointestinal bleeding, Intractable oesophageal variceal bleeding caused by splenic arteriovenous fistula: treatment by transcatheter arterial embolization, **355**
gastrointestinal perforation, An elderly man with diarrhoea and cellulitis, **685**
gastroscopy, The use of hypnosis in gastroscopy: a comparison with intravenous sedation, **223**
gentamicin-resistant enterococci, Risk factors for acquisition of gentamicin-resistant enterococcal infection: a case-controlled study, **342**
Gitelman's syndrome, The pathophysiological and molecular basis of Bartter's and Gitelman's syndromes: *review,* **391**
glioma, High-grade glioma mimicking acute viral encephalitis – three case reports, **728**
glucagon, High-dose intravenous glucagon in severe tricyclic poisoning, **611**
glycaemic control, Assessment of glycaemic control in stable type 2 black South African diabetics attending a peri-urban clinic, **603**
Graves' disease, Thyrotoxicosis and low radioactive iodine uptake in a woman with Graves' disease, **125**
Graves' orbitopathy, Recurrent proptosis and thyroid eye disease, **689**
guidelines, Production and evaluation of guidelines for the management of inflammatory bowel disease: the Leicester experience, **147**
gynaecomastia, Gynaecomastia as a presenting feature of thyrotoxicosis, **229**

H2 receptor blockers, Co-prescription of H2 receptor blockers and proton pump inhibitors with warfarin in general practice, **721**
haemangioma, Recurrent proptotic diplopia due to congestive expansion of cavernous haemangioma with relapsing right-sided cardiac failure, **607**
haematoma, Acute abdominal pain following anticoagulation, **569**
haemochromatosis, Orange urine, **109**
Skin fragility and abnormal liver function tests, **435**
haemolytic anaemia, Haemolytic anaemia associated with indinavir, **313**
haemorrhagic telangiectasia, An unusual cause of anaemia: *letter,* **188**
HAIR-AN syndrome, Clearance of acanthosis nigricans associated with the HAIR-AN syndrome after partial pancreatectomy: an 11-year follow-up, **421**
hearing loss, An adolescent Pakistani girl with chronic meningitis, **47**
Cogan's syndrome: an oculo-audiovestibular disease: *review,* **262**
Sudden hearing loss following acute hepatitis, **309**
heart defects, A woman with amenorrhoea, **303**
heart failure, ACE inhibitors and heart failure in hospital: any difference between cardiologists and general physicians?, **219**
Evaluation of renal function in elderly heart failure patients on ACE inhibitors, **275**
Heart failure: the rules of halves: *letter,* **703**
The hibernating heart: reversible left ventricular dysfunction in chronic heart failure, **419**
The role of exercise testing in the evaluation and management of heart failure: *review,* **453**
Helicobacter pylori, Evaluation of the one-minute ultra-rapid urease test for diagnosing *Helicobacter pylori,* **154**
Non-invasive testing for *Helicobacter pylori*: *review,* **74**
Prevalence of *Helicobacter pylori* infection in an Albanian population: *letter,* **318**
Transmission of *Helicobacter pylori*: *review,* **198**
Henoch-Schönlein purpura, An unusual rash, **237**
Systemic vasculitis and atypical infections: report of two cases, **544**
heparin, Acute abdominal pain following anticoagulation, **569**
hepatic abscesses, A rare but important cause of focal hepatic lesions, **567**
hepatitis G virus, Hepatitis G virus infection as a possible causative agent of community-acquired hepatitis and associated aplastic anaemia, **159**
hepatopulmonary syndrome, Hypoxaemia – think of the liver! Every internist should be aware of the hepatopulmonary syndrome, **295**
herbal remedies, Atrial flutter in a young man with a highly competitive and stressful occupation, **175**
hereditary haemorrhagic telangiectasia, A 60-year-old man with expressive dysphasia, **431**
hernia, Lumbar hernia: a rare cause of large bowel obstruction, **231**
heterotopic ossification, Mature bone metaplasia in abdominal wall scar, **226**
high-altitude illness, High-altitude illness induced by tooth root infection, **227**
history of medicine, Early use of 'open-air' treatment for 'pulmonary phthisis' at the Dreadnought Hospital, Greenwich, 1900–1905: *review,* **326**
The Seamen's Hospital Society: a progenitor of the tropical institutions: *review,* **715**
history-taking, Achieving a patient-centred consultation by giving feedback in its early phases, **405**
HIV infection, HIV infection and seizures: *review,* **387**
Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
Hodgkin's lymphoma, A bullous rash and bilateral hilar lymphadenopathy, **682**
homeostasis, Osmosis, osmometry, and osmoregulation: *review,* **67**
hours of work, Out-of-hours work in cardiothoracic surgery: implications of the New Deal and Calman for training, **351**
humerus, An unusual shoulder injury, **488**
hydantoin, Fatal phenytoin hypersensitivity syndrome, **734**
hydatid disease, Methods of obtaining peripheral venous access in difficult situations, **459**
hydroxyurea, Reversible cerebellar involvement in the idiopathic hypereosinophilic syndrome, **477**

hyperamylasaemia, Hyperamylasaemia: an unusual cause, **57**
hypercalcaemia, Digoxin, hypercalcaemia, and cardiac conduction, **554**
Dysphagia and hypercalcaemia, **373**
Severe hypercalcaemia in B-cell lymphoma: combined effects of PTH-rP, IL-6 and TNF, **672**
hypereosinophilic syndrome, Reversible cerebellar involvement in the idiopathic hypereosinophilic syndrome, **477**
hyperhydrosis, Omeprazole and excessive sweating, if unrecognised, may lead to unnecessary investigations, **701**
hyperinsulinaemia, Clearance of acanthosis nigricans associated with the HAIR-AN syndrome after partial pancreatectomy: an 11-year follow-up, **421**
hyperkalaemia, Hyperkalaemia following blood transfusion, **501**
hyperlipidaemia, Unusual presentations to a lipid clinic, **633**
hyperlipoproteinaemia, Unusual presentations to a lipid clinic, **633**
hyperparathyroidism, An uncommon aetiology of perforated gastric ulcer, **113**
An unusual case of hypercalcaemia, **770**
hyperphosphataemia, Peri-articular 'hard tumours' in soft tissues, **492**
hypersensitivity, Concordance of primary generalised epilepsy and carbamazepine hypersensitivity in monozygotic twins, **680**
Fatal phenytoin hypersensitivity syndrome, **734**
hypersensitivity pneumonitis, Hypersensitivity pneumonitis associated with co-proxamol (paracetamol + dextropropoxyphene) therapy, **475**
hypertension, Atherosclerotic renal artery stenosis: from diagnosis to treatment: *review,* **527**
Modern management of eclampsia: *review,* **78**
hypertensive encephalopathy, Hypertensive encephalopathy in a patient with retroperitoneal fibrosis, **730**
hyperthyroidism, A case of lithium-associated hyperthyroidism: *letter,* **188**
A young woman with fluctuating hypo- and hyperthyroidism, **243**
hypertriglyceridaemia, Gestational pancreatitis complicating uncontrolled diabetes mellitus, **241**
hypnosis, The use of hypnosis in gastroscopy: a comparison with intravenous sedation, **223**
hypoglycaemia, Collapse and hypothermia in an elderly woman in early summer, **441**
hypokalaemia, A man presenting with limb weakness and electrolyte imbalance, **691**
Postural hypotension and electrolyte disturbances in a 61-year-old man, **185**
Hypokalaemic paralysis: *review,* **193**
hypokalaemic alkaloses, The pathophysiological and molecular basis of Bartter's and Gitelman's syndromes: *review,* **391**
hyponatraemia, Drug-induced syndrome of inappropriate antidiuretic hormone secretion, **509**
Hyponatraemia and seizures after ecstasy use, **32**
Ion-selective electrodes: *letter,* **254**
Postural hypotension and electrolyte disturbances in a 61-year-old man, **185**
hypophosphataemia, Hereditary hypophosphataemic rickets: report of a family from the Indian subcontinent, **485**
hypopituitarism, Collapse and hypothermia in an elderly woman in early summer, **441**
hypotension, Hypotension and intractable vomiting in the first trimester of pregnancy, **623**
Orthostatic haemodynamic responses in acute stroke, **213**
hypothermia, Collapse and hypothermia in an elderly woman in early summer, **441**
Electrocardiographic abnormalities in an elderly woman, **505**
The chilling tale of a patient with thrombocytopenia, **621**
hypothyroidism, A young woman with fluctuating hypo- and hyperthyroidism, **243**
Abnormal skull X-ray in a child with growth retardation, **751**
Clinical presentation of thyroid dysfunction and Addison's disease in young adults with type 1 diabetes, **467**
Compensated hypothyroidism: *letter,* **445**
Pericardial tamponade in a 65-year-old woman, **183**
Unusual presentations to a lipid clinic, **633**
hypoxaemia, Hypoxaemia – think of the liver! Every internist should be aware of the hepatopulmonary syndrome, **295**

ichthyosarcotoxaemia, Ciguatera fish poisoning, **678**
idiopathic thrombocytopenic purpura, Refractory thrombocytopenia, recurrent abortions and inferior vena cava thrombosis, **744**
imaging techniques, Diagnostic approach to patients with suspected pulmonary embolism: a report from the real world, **285**
immunometric assay, Spuriously elevated plasma calcitonin in a patient with a thyroid nodule not associated with medullary thyroid carcinoma, **289**
India, Epidemic dropsy in India: *review,* **657**
indinavir, Haemolytic anaemia associated with indinavir, **313**
Indo-Asians, Do Indo-Asians have smaller coronary arteries?, **463**
induction, Induction for senior house officers. Part I: The hospital programme, **346**
Induction for senior house officers. Part II: The departmental programme, **401**
infective endocarditis, Red-man syndrome after vancomycin: potential cross-reactivity with teicoplanin, **41**
inferior vena cava thrombosis, Refractory thrombocytopenia, recurrent abortions and inferior vena cava thrombosis, **744**
inflammatory bowel disease, Production and evaluation of guidelines for the management of inflammatory bowel disease: the Leicester experience, **147**
influenza vaccination, Targeting pneumococcal vaccination to high-risk groups: a feasibility study in one general practice, **208**
inotropic support, High-dose intravenous glucagon in severe tricyclic poisoning, **611**
insulin resistance, ACE inhibitors and insulin sensitivity: *letter,* **445**
Evolution of insulin resistance in coronary artery disease patients on four different pharmacological therapies, **27**
insulinoma, Clearance of acanthosis nigricans associated with the HAIR-AN syndrome after partial pancreatectomy: an 11-year follow-up, **421**
interleukin-6, Severe hypercalcaemia in B-cell lymphoma: combined effects of PTH-rP, IL-6 and TNF, **672**
internal iliac artery, Internal iliac artery embolisation for intractable bladder haemorrhage in the peri-operative phase, **167**
interprofessional learning, Interprofessional learning: *letter,* **317**
intestinal atresia, A newborn with watery diarrhoea, **245**
intestinal obstruction, Lumbar hernia: a rare cause of large bowel obstruction, **231**
intracranial hypertension, Extrinsic cerebral venous sinus obstruction resulting in intracranial hypertension, **550**
intracranial tuberculoma, A focal central nervous system mass in an AIDS patient with tuberculous meningitis, **697**
intramuscular abscess, A case of painful thigh, **767**
invasive infection, Experience with invasive *Candida* infections, **151**
ion-selective electrodes, Ion-selective electrodes: *letter,* **254**

jejunoileal diverticulitis, Fatal complication of coincidental operative finding, **625**
junctional waves, Electrocardiographic abnormalities in an elderly woman, **505**

Kallmann's syndrome, A woman with amenorrhoea, **303**
Kayser-Fleischer rings, A homesick student, **375**
ketoacidosis, A respiratory complication of diabetic ketoacidosis, **753**
kidney neoplasms, Hyperamylasaemia: an unusual cause, **57**
knee dislocation, A non-contact complete knee dislocation with popliteal artery disruption, a rare martial arts injury, **552**
kwashiorkor, Dietary linoleic acid, immune inhibition and disease: *review,* **129**

Lambert-Eaton myasthenic syndrome, Lambert-Eaton myasthenic syndrome: *review,* **516**
laxative, Surgical treatment of oesophageal obstruction after ingestion of a granular laxative, **106**
learning, What's happening in undergraduate medical education?: *editorial,* **385**
leishmaniasis, Visceral leishmaniasis masquerading as tuberculosis in a patient with AIDS, **732**
Lemierre's syndrome, Lemierre's syndrome (necrobacillosis): *review,* **141**
leucocytoclastic vasculitis, Systemic vasculitis and atypical infections: report of two cases, **544**
leukaemia, Acute lymphoblastic leukaemia presenting with arthritis in an adult patient, **425**
lichen planus, Sore mouths and itchy wrists, **177**
limb transplants, Ethical issues in limb transplants: *editorial,* **513**
linoleic acid, Dietary linoleic acid, immune inhibition and disease: *review,* **129**
lipoma, Mediastinal fatty tumour, **763**
liposarcoma, Mediastinal fatty tumour, **763**
lithium, A case of lithium-associated hyperthyroidism: *letter,* **188**
An unusual case of hypercalcaemia, **770**
Asthma precipitated by cessation of lithium treatment, **637**
lung abscess, Lung mass in a short woman, **561**
lung adenocarcinoma, Polyuria in a patient with fibrosing alveolitis, **55**
lung cysts, Infected lung cysts, **49**
lung scan, Diagnostic approach to patients with suspected pulmonary embolism: a report from the real world, **285**
Lyme disease, Overdiagnosis and overtreatment of Lyme neuroborreliosis are preventable: *review,* **650**
lymphoma, A variant of pyothorax-associated lymphoma, **613**
Conjunctival MALT lymphoma: an unusual cause of red eye, **423**
Primary lymphoma of the bladder treated successfully with mitozantrone gel, **609**
Severe hypercalcaemia in B-cell lymphoma: combined effects of PTH-rP, IL-6 and TNF, **672**

macromastia, Unilateral gestational macromastia – an unusual presentation of a rare disorder, **101**
macroprolactinoma, Reversible confusional state in an elderly man, **365**
magnetic resonance imaging, Reversible cerebellar involvement in the idiopathic hypereosinophilic syndrome, **477**

maize, Dietary linoleic acid, immune inhibition and disease: *review,* **129**
malignancy, Extrinsic cerebral venous sinus obstruction resulting in intracranial hypertension, **550**
Mallory-Weiss syndrome, Oral presentation of an oesophageal mucosal tear, **615**
MALT, Conjunctival MALT lymphoma: an unusual cause of red eye, **423**
mediastinal tumours, Mediastinal fatty tumour, **763**
medical education, All doctors are disabled, but some are more disabled than others: *editorial,* **260**
Medical Research Council, Medical research in the Rhondda valleys: *editorial,* **257**
meningitis, An adolescent Pakistani girl with chronic meningitis, **47**
Recurrent aseptic meningitis following non-steroidal anti-inflammatory drugs – a reminder, **771**
mesangial proliferative glomerulonephritis, Systemic vasculitis and atypical infections: report of two cases, **544**
mesenteric venous infarction, Mesenteric infarction due to combined protein C deficiency and prothrombin 20210 defects, **742**
metabolic acidosis, Metabolic acidosis: *letter,* **318**
metastatic liver disease, A rare but important cause of focal hepatic lesions, **567**
metered dose inhalers, Challenges in changing to non-chlorofluorocarbon inhalers in the treatment of asthma: *review,* **710**
methaemoglobinaemia, Central cyanosis in a young man, **693**
metronidazole, An elderly man with dysphasia and pyrexia, **307**
microscopic colitis, Sudden-onset watery diarrhoea in a middle-aged woman, **369**
midazolam, The use of hypnosis in gastroscopy: a comparison with intravenous sedation, **223**
mitozantrone, Primary lymphoma of the bladder treated successfully with mitozantrone gel, **609**
mitral valve disease, An unusual cause of dysphagia, **629**
Münchausen syndrome, Thyrotoxicosis and low radioactive iodine uptake in a woman with Graves' disease, **125**
mometasone furoate, Treatment of recurrent oral ulcers with mometasone furoate lotion: *letter,* **574**
multicentric reticulohistiocytosis, Cutaneous nodules in a patient with polyarthritis, **111**
multinodular goitre, Multinodular goitre, dysphagia and nodular shadows in the lung, **627**
multiple-choice questions, Multiple-choice questions in gastroenterology, **443**
muscle weakness, New weakness in a critically ill patient, **301**
New weakness in a critically ill patient: *letter,* **774**
Mycobacterium tuberculosis, Chronic otitis and tenosynovitis in an elderly diabetic woman, **121**
myeloid cell tumour, Extramedullary myeloid cell tumour: presentation as anterior chest wall mass during AML relapse, **483**
myocardial hibernation, The hibernating heart: reversible left ventricular dysfunction in chronic heart failure, **419**
myocardial infarction, Delays by patients in seeking treatment for acute chest pain: implications for achieving earlier thrombolysis, **90**
Management of acute myocardial infarction in general medical wards in Sri Lanka, **718**
Myocardial infarction, seizure and an abnormal head CT scan, **757**
The role of coronary angioplasty and stenting in acute myocardial infarction: *review,* **591**
The use of statins following AMI: *letter,* **382**
Thrombolytic therapy for acute myocardial infarction: *letter,* **188**
Time delay to thrombolytic therapy: *letter,* **317**
myopathy, Pentazocine-induced fibromyositis and contracture, **361**
myositis ossificans, Mature bone metaplasia in abdominal wall scar, **226**
myxoma, Fever of unknown origin, **495**

nasal continuous positive airway pressure, Prospective audit of a respiratory sleep disorders service at District General Hospital level, **414**
nasal discharge, A mentally retarded man with a nasal discharge, **367**
neck, Surgical emphysema and pneumomediastinum in a child following minor blunt injury to the neck, **548**
necrobacillosis, Lemierre's syndrome (necrobacillosis): *review,* **141**
necrosis, Necrotizing soft tissue infections: *review,* **645**
neonate, A neonate with an unusual pulse discrepancy, **181**
nephrocalcinosis, Growth failure: an unusual clinical problem, **760**
neuroborreliosis, Overdiagnosis and overtreatment of Lyme neuroborreliosis are preventable: *review,* **650**
neurogenic diabetes insipidus, Polyuria in a patient with fibrosing alveolitis, **55**
neuromuscular disorders, Diagnostic work-up in peripheral neuropathy: an analysis of 171 cases, **723**
neuronavigation, Intra-operative localisation of skull base tumours. A case report using the ISG viewing wand in the management of trigeminal neuroma, **35**
neutrophilic dermatoses, A bullous rash and bilateral hilar lymphadenopathy, **682**
newborn, A newborn with watery diarrhoea, **245**
non-Hodgkin's lymphoma, Management of non-Hodgkin's lymphomas: *review,* **2**
non-steroidal anti-inflammatory drugs, Recurrent aseptic meningitis following non-steroidal anti-inflammatory drugs – a reminder, **771**

obesity, Treatment for morbid obesity: *review,* **7**
octreotide, Carcinoid-associated ectopic ACTH syndrome with variable response to octreotide, **98**
Lack of response to octreotide in Cushing's syndrome due to metastatic adrenocortical carcinoma, **96**
Octapeptide somatostatin-analogue therapy of Cushing's syndrome: *editorial,* **65**
ocular infection, Cytomegalovirus retinitis in patients with acquired immune deficiency syndrome: *review,* **585**
oesophageal ulceration, Medication-induced oesophageal injury leading to broncho-oesophageal fistula, **379**
oesophageal carcinoma, Multinodular goitre, dysphagia and nodular shadows in the lung, **627**
Outcome of oesophagogastric carcinoma in young patients, **22**
oesophageal obstruction, Surgical treatment of oesophageal obstruction after ingestion of a granular laxative, **106**
oesophageal wall rupture, Oral presentation of an oesophageal mucosal tear, **615**
omeprazole, Omeprazole and excessive sweating, if unrecognised, may lead to unnecessary investigations, **701**
open-air treatment, Early use of 'open-air' treatment for 'pulmonary phthisis' at the Dreadnought Hospital, Greenwich, 1900–1905: *review,* **326**
oral lesions, Sore mouths and itchy wrists, **177**
Treatment of recurrent oral ulcers with mometasone furoate lotion: *letter,* **574**
orbital decompression, Recurrent proptosis and thyroid eye disease, **689**
orchidectomy, A lesson in the management of testicular cancer in a patient with a solitary testis, **481**
oropharynx, Lemierre's syndrome (necrobacillosis): *review,* **141**
orthostatic hypotension, Orthostatic haemodynamic responses in acute stroke, **213**
osmolality, Osmosis, osmometry, and osmoregulation: *review,* **67**
osmolarity, Osmosis, osmometry, and osmoregulation: *review,* **67**
osteoarthropathy, Neurological disturbances in a rare primary osteoarthropathy, **115**
osteochondromatosis, A child with multiple bony swellings, **563**
otitis, Chronic otitis and tenosynovitis in an elderly diabetic woman, **121**
ovarian cancer, Gynaecological cancer: *review,* **332**
oxidative stress, Alterations in enzymatic antioxidant defence in diabetes mellitus – a rational approach, **13**
oysters, Diarrhoea, fever, shock and bullous skin lesions after ingestion of raw oysters, **565**

pachydermoperiostosis, Neurological disturbances in a rare primary osteoarthropathy, **115**
pain, A case of sympathetically maintained pain, **433**
pancreatic cancer, Pancreatic cancer: any prospects for prevention?: *review,* **521**
pancreatitis, Gestational pancreatitis complicating uncontrolled diabetes mellitus, **241**
Pancreatitis and chronic abdominal pain in a patient with AIDS, **371**
papilloedema, A rare complication of dental abscesses, **749**
parathyroid-hormone-related protein, Severe hypercalcaemia in B-cell lymphoma: combined effects of PTH-rP, IL-6 and TNF, **672**
parvovirus B19, Systemic vasculitis and atypical infections: report of two cases, **544**
passive smoking, The effect of passive smoking on pulmonary function during childhood, **339**
patent ductus arteriosus, A woman with amenorrhoea, **303**
poisoning, Diarrhoea, fever, shock and bullous skin lesions after ingestion of raw oysters, **565**
peer appraisal, Peer appraisal of consultants – the way forward?: *editorial,* **325**
penicillamine, A homesick student, **375**
pentazocine, Pentazocine-induced fibromyositis and contracture, **361**
peptic ulcer disease, An uncommon aetiology of perforated gastric ulcer, **113**
percutaneous transluminal coronary angioplasty, The role of coronary angioplasty and stenting in acute myocardial infarction: *review,* **591**
peri-articular calcification, Peri-articular 'hard tumours' in soft tissues, **492**
pericardial tamponade, Pericardial tamponade in a 65-year-old woman, **183**
periodic paralysis, Hypokalaemic paralysis: *review,* **193**
peripheral neuropathy, An elderly man with dysphasia and pyrexia, **307**
Diagnostic work-up in peripheral neuropathy: an analysis of 171 cases, **723**
peripheral venous access, Methods of obtaining peripheral venous access in difficult situations: *review,* **459**

phaeochromocytoma, A man presenting with limb weakness and electrolyte imbalance, **691**
phenytoin, Efficacy of statin therapy: possible effect of phenytoin, **359**
Fatal phenytoin hypersensitivity syndrome, **734**
physician attitudes, Physician attitudes and behaviour regarding erectile dysfunction in at-risk patients from a rural community, **83**
pleural effusions, Massive pleural effusions in cryptococcal meningitis, **297**
pneumatosis, Pneumatosis cystoides intestinalis, **378**
pneumococcal vaccination, Targeting pneumococcal vaccination to high-risk groups: a feasibility study in one general practice, **208**
pneumomediastinum, A respiratory complication of diabetic ketoacidosis, **753**
Surgical emphysema and pneumomediastinum in a child following minor blunt injury to the neck, **548**
pneumonia, A 40-year-old woman with lung cavitation, **619**
poisoning, Ciguatera fish poisoning, **678**
High-dose intravenous glucagon in severe tricyclic poisoning, **611**
popliteal artery disruption, A non-contact complete knee dislocation with popliteal artery disruption, a rare martial arts injury, **552**
porphyria cutanea tarda, Skin fragility and abnormal liver function tests, **435**
postgraduate training, Sexual harassment of psychiatric trainees: experiences and attitudes, **410**
postpericardiotomy syndrome, Postpericardiotomy syndrome following temporary and permanent transvenous pacing, **357**
pregnancy, Gestational pancreatitis complicating uncontrolled diabetes mellitus, **241**
Hypotension and intractable vomiting in the first trimester of pregnancy, **623**
Modern management of eclampsia: *review,* **78**
Unilateral gestational macromastia – an unusual presentation of a rare disorder, **101**
primary care, Targeting pneumococcal vaccination to high-risk groups: a feasibility study in one general practice, **208**
progressive supranuclear palsy, Progressive supranuclear palsy (Steele-Richardson-Olszewski disease): *review,* **579**
Propionibacterium acnes, Acne: a review of immunologic and microbiologic factors: *review,* **328**
proptosis, Recurrent proptotic diplopia due to congestive expansion of cavernous haemangioma with relapsing right-sided cardiac failure, **607**
prostaglandin E2, Dietary linoleic acid, immune inhibition and disease: *review,* **129**
protein C, Warfarin-induced skin necrosis, **233**
protein C deficiency, Mesenteric infarction due to combined protein C deficiency and prothrombin 20210 defects, **742**
protein S deficiency, An unusual cause of leg ulceration, **247**
prothrombin 20210A, Mesenteric infarction due to combined protein C deficiency and prothrombin 20210 defects, **742**
proton pump inhibitors, Co-prescription of H2 receptor blockers and proton pump inhibitors with warfarin in general practice, **721**
Omeprazole and excessive sweating, if unrecognised, may lead to unnecessary investigations, **701**
pseudocyst, Difficulties in the diagnosis of an intra-abdominal mass, **559**
psychiatry, Sexual harassment of psychiatric trainees: experiences and attitudes, **410**
psychogenic illness, Non-organic visual loss: *review,* **201**
psychological stress, Training and supervision needs and experience: a longitudinal, cross-sectional survey of accident and emergency department senior house officers, **86**
pulmonary arteriovenous malformation, A 60-year-old man with expressive dysphasia, **431**
pulmonary embolism, Diagnostic approach to patients with suspected pulmonary embolism: a report from the real world, **285**
Diagnostic approach to patients with suspected pulmonary embolism: *letter,* **639**
pulmonary function, The effect of passive smoking on pulmonary function during childhood, **339**
pulmonary gangrene, Cavitary lung lesion in a patient with Sjögren's syndrome, **765**
pulmonary metastases, Multinodular goitre, dysphagia and nodular shadows in the lung, **627**
pulmonary oedema, High-altitude illness induced by tooth root infection, **227**
pulmonary phthisis, Early use of 'open-air' treatment for 'pulmonary phthisis' at the Dreadnought Hospital, Greenwich, 1900–1905: *review,* **326**
pulmonary thrombo-embolism, Management of pulmonary thrombo-embolism using catheter manipulation: a report of four cases and review of the literature, **737**
pyothorax-associated lymphoma, A variant of pyothorax-associated lymphoma, **613**
pyrexia, An elderly man with dysphasia and pyrexia: *letter,* **639**

QT prolongation, Electrocardiographic abnormalities in an elderly woman, **505**
questionnaires, Questionnaires: the use and abuse of social survey methods in medical research: *review,* **397**

quinine, Quinine-mediated disseminated intravascular coagulation, **429**

radicular syndrome, A rare case of radiculopathy, **53**
radioimmunoassay, Spuriously elevated plasma calcitonin in a patient with a thyroid nodule not associated with medullary thyroid carcinoma, **289**
red eye, Conjunctival MALT lymphoma: an unusual cause of red eye, **423**
Red-man syndrome, Red-man syndrome after vancomycin: potential cross-reactivity with teicoplanin, **41**
renal artery stenosis, Atherosclerotic renal artery stenosis: from diagnosis to treatment: *review,* **527**
renal cell carcinoma, A new diabetic patient with an abdominal mass, **249**
renal deterioration, Evaluation of renal function in elderly heart failure patients on ACE inhibitors, **275**
renal failure, Calcium phosphate stones during long-term acetazolamide treatment for epilepsy, **427**
Can the use of low-dose dopamine for treatment of acute renal failure be justified?: *review,* **269**
renal tubular acidosis, Growth failure: an unusual clinical problem, **760**
research methods, Questionnaires: the use and abuse of social survey methods in medical research: *review,* **397**
retinal vasculitis, Cushing's disease masking coincidental steroid-responsive diseases, **43**
retroperitoneal fibrosis, A case of ureteric obstruction, retroperitoneal fibrosis, and carcinoid tumour, **38**
Hypertensive encephalopathy in a patient with retroperitoneal fibrosis, **730**
retroperitoneal haematoma, Unusual findings in a patient taking warfarin, **299**
retroperitoneal lymph nodes, Tuberculosis presenting as deep vein thrombosis, **104**
rhabdomyolysis, A man presenting with limb weakness and electrolyte imbalance, **691**
rheumatoid arthritis, Eye disease in a patient with rheumatoid arthritis, **676**
The uncommon denominator, **557**
Rhondda valleys, Medical research in the Rhondda valleys: *editorial,* **257**
rickets, Growth failure: an unusual clinical problem, **760**
Hereditary hypophosphataemic rickets: report of a family from the Indian subcontinent, **485**
risk factors, Experience with invasive *Candida* infections, **151**
Pancreatic cancer: any prospects for prevention?: *review,* **521**
ritonavir, Ergotism related to a single dose of ergotamine tartrate in an AIDS patient treated with ritonavir, **546**
root canal therapy, High-altitude illness induced by tooth root infection, **227**

Salmonella, A patient with fever and an abdominal aortic aneurysm, **479**
sanguinarine, Epidemic dropsy in India: *review,* **657**
saphenous vein graft, Spontaneous rupture of a saphenous vein graft, **363**
Schools of Tropical Medicine, The Seamen's Hospital Society: a progenitor of the tropical institutions: *review,* **715**
Seamen's Hospital Society, The Seamen's Hospital Society: a progenitor of the tropical institutions: *review,* **715**
sedation, The use of hypnosis in gastroscopy: a comparison with intravenous sedation, **223**
seizures, HIV infection and seizures: *review,* **387**
Hyponatraemia and seizures after ecstasy use, **32**
Myocardial infarction, seizure and an abnormal head CT scan, **757**
self-poisoning, General hospital services for deliberate self-poisoning: an expensive road to nowhere?, **599**
senior house officers, Training and supervision needs and experience: a longitudinal, cross-sectional survey of accident and emergency department senior house officers, **86**
septic abortion, Congestive heart failure and septic abortion, **117**
septicaemia, Diarrhoea, fever, shock and bullous skin lesions after ingestion of raw oysters, **565**
Lemierre's syndrome (necrobacillosis): *review,* **141**
sertraline, Drug-induced syndrome of inappropriate antidiuretic hormone secretion, **509**
service provision, General hospital services for deliberate self-poisoning: an expensive road to nowhere?, **599**
sex education, Sexual spin: *editorial,* **641**
sex hormone, Gynaecomastia as a presenting feature of thyrotoxicosis, **229**
sexual harassment, Sexual harassment of psychiatric trainees: experiences and attitudes, **410**
shoulder dislocation, An unusual shoulder injury, **488**
Sjögren's syndrome, Cavitary lung lesion in a patient with Sjögren's syndrome, **765**
skin fragility, Skin fragility and abnormal liver function tests, **435**
skin necrosis, Warfarin-induced skin necrosis, **233**
sleep-disordered breathing, Prospective audit of a respiratory sleep disorders service at District General Hospital level, **414**

small bowel obstruction, Small bowel obstruction in a young adult, **173**
small bowel perforation, Fatal complication of coincidental operative finding, **625**
smoking, Pancreatic cancer: any prospects for prevention?: *review,* **521**
Smoking, eating disorders, and weight control: *letter,* **127**
sneezing, Transient ischaemic attacks related to carotid stenosis precipitated by straining, bending, and sneezing, **145**
snoring, Prospective audit of a respiratory sleep disorders service at District General Hospital level, **414**
soft tissue infections, Necrotizing soft tissue infections: *review,* **645**
somatostatin analogues, Octapeptide somatostatin-analogue therapy of Cushing's syndrome: *editorial,* **65**
spirometry, Can combined defects be diagnosed on spirometry alone?: *letter,* **317**
splenic arteriovenous fistula, Intractable oesophageal variceal bleeding caused by splenic arteriovenous fistula: treatment by transcatheter arterial embolization, **355**
sports injury, A non-contact complete knee dislocation with popliteal artery disruption, a rare martial arts injury, **552**
squamous cell carcinoma, Multinodular goitre, dysphagia and nodular shadows in the lung, **627**
Sri Lanka, Management of acute myocardial infarction in general medical wards in Sri Lanka, **718**
Staphylococcus aureus, A 40-year-old woman with lung cavitation, **619**
A complication of intensive care, **179**
Aetiology and outcome in 53 cases of native valve staphylococcal endocarditis, **540**
statins, Efficacy of statin therapy: possible effect of phenytoin, **359**
The use of statins following AMI: *letter,* **382**
Steele-Richardson-Olszewski disease, Progressive supranuclear palsy (Steele-Richardson-Olszewski disease): *review,* **579**
stenting, The role of coronary angioplasty and stenting in acute myocardial infarction: *review,* **591**
stomach, Acute epigastric pain and recurrent vomiting in an elderly man, **305**
Outcome of oesophagogastric carcinoma in young patients, **22**
straining, Transient ischaemic attacks related to carotid stenosis precipitated by straining, bending, and sneezing, **145**
streptococcal infections, Necrotizing soft tissue infections: *review,* **645**
streptokinase, Circadian fluctuations in the efficacy of thrombolysis with streptokinase, **667**
stroke, Orthostatic haemodynamic responses in acute stroke, **213**
What has gone wrong in stroke research?: *editorial,* **449**
Why do Italian stroke patients receive CT scans earlier than UK patients?, **18**
struma ovarii, Follicular carcinoma in a functioning struma ovarii, **617**
Sturge-Weber syndrome, A mentally retarded man with a nasal discharge, **367**
subarachnoid haemorrhage, Atypical presentations of subarachnoid haemorrhage: *letter,* **382**
subclavian steal, Extracranial cerebrovascular disease – a management dilemma, **635**
sudden death, Sudden unexpected death in epilepsy: *review,* **706**
superior sagittal sinus thrombosis, A rare complication of dental abscesses, **749**
surgery, Outcome of oesophagogastric carcinoma in young patients, **22**
surgical infections, Necrotizing soft tissue infections: *review,* **645**
Sweet's syndrome, A bullous rash and bilateral hilar lymphadenopathy, **682**
Swyer's syndrome, Lung mass in a short woman, **561**
syncope, Syncope, the head ruling the heart, **437**
syndrome of inappropriate secretion of antidiuretic hormone, Drug-induced syndrome of inappropriate antidiuretic hormone secretion, **509**
synovial fluid analysis, Acute lymphoblastic leukaemia presenting with arthritis in an adult patient, **425**
systemic lupus erythematosus, Large subcutaneous nodules in lower limbs following thyroiditis, **239**
Refractory thrombocytopenia, recurrent abortions and inferior vena cava thrombosis, **744**
systolic dysfunction, Multiple left ventricular thrombi in dilated cardiomyopathy, **315**

tachycardia, Tachycardia following low-tension electrocution, **439**
tau protein, Progressive supranuclear palsy (Steele-Richardson-Olszewski disease): *review,* **579**
teenage girls, Smoking, eating disorders, and weight control: *letter,* **127**
teicoplanin, Red-man syndrome after vancomycin: potential cross-reactivity with teicoplanin, **41**
tendon rupture, Spontaneous bilateral rupture of biceps tendons, **470**
tenosynovitis, Chronic otitis and tenosynovitis in an elderly diabetic woman, **121**
testicular germ cell tumours, A lesson in the management of testicular cancer in a patient with a solitary testis, **481**
tetanus, Lessons from a case of tetanus in an elderly woman, **631**
thioridazine, Sudden death in a patient taking antipsychotic drugs: *letter,* **127**
thrombocytopenia, Quinine-mediated disseminated intravascular coagulation, **429**
The chilling tale of a patient with thrombocytopenia, **621**
thrombolysis, Circadian fluctuations in the efficacy of thrombolysis with streptokinase, **667**
Delays by patients in seeking treatment for acute chest pain: implications for achieving earlier thrombolysis, **90**
Management of acute myocardial infarction in general medical wards in Sri Lanka, **718**
Management of pulmonary thrombo-embolism using catheter manipulation: a report of four cases and review of the literature, **737**
The role of coronary angioplasty and stenting in acute myocardial infarction: *review,* **591**
Thrombolytic therapy for acute myocardial infarction: *letter,* **188**
Time delay to thrombolytic therapy: *letter,* **317**
thrombosis, A young man with repeated thromboses: *letter,* **254**
A young man with repeated thromboses: *letter,* **254**
thrombus, Management of pulmonary thrombo-embolism using catheter manipulation: a report of four cases and review of the literature, **737**
thyroid neoplasms, Good prognosis in thyroid cancer found incidentally at surgery for thyrotoxicosis, **169**
Spuriously elevated plasma calcitonin in a patient with a thyroid nodule not associated with medullary thyroid carcinoma, **289**
thyroidectomy, Good prognosis in thyroid cancer found incidentally at surgery for thyrotoxicosis, **169**
thyroiditis, A young woman with fever of unknown origin, **497**
Large subcutaneous nodules in lower limbs following thyroiditis, **239**
thyrotoxicosis, Clinical presentation of thyroid dysfunction and Addison's disease in young adults with type 1 diabetes, **467**
Diabetic ketoacidosis precipitated by thyrotoxicosis, **291**
Good prognosis in thyroid cancer found incidentally at surgery for thyrotoxicosis, **169**
Gynaecomastia as a presenting feature of thyrotoxicosis, **229**
Thyrotoxicosis and low radioactive iodine uptake in a woman with Graves' disease, **125**
tobacco smoke, The effect of passive smoking on pulmonary function during childhood, **339**
tooth root infection, High-altitude illness induced by tooth root infection, **227**
toxoplasmosis, HIV infection and seizures: *review,* **387**
tracheobronchial tree, Pleural effusion and fever in a middle-aged Asian man, **687**
training, Achieving a patient-centred consultation by giving feedback in its early phases, **405**
Induction for senior house officers. Part I: The hospital programme, **346**
Induction for senior house officers. Part II: The departmental programme, **401**
OSCEs for house officers: *letter,* **574**
Out-of-hours work in cardiothoracic surgery: implications of the New Deal and Calman for training, **351**
Training and supervision needs and experience: a longitudinal, cross-sectional survey of accident and emergency department senior house officers, **86**
transcatheter arterial embolization, Intractable oesophageal variceal bleeding caused by splenic arteriovenous fistula: treatment by transcatheter arterial embolization, **355**
transient ischaemic attacks, An unusual case of transient ischaemic attacks, **755**
Transient ischaemic attacks related to carotid stenosis precipitated by straining, bending, and sneezing, **145**
transillumination, Methods of obtaining peripheral venous access in difficult situations: *review,* **459**
transurethral resection of bladder tumour, Internal iliac artery embolisation for intractable bladder haemorrhage in the peri-operative phase, **167**
trauma, An unusual cause of abdominal pain following an alcoholic bout, **123**
tricuspid valve endocarditis, Congestive heart failure and septic abortion, **117**
tricyclic antidepressants, High-dose intravenous glucagon in severe tricyclic poisoning, **611**
trigeminal neuroma, Intra-operative localisation of skull base tumours. A case report using the ISG viewing wand in the management of trigeminal neuroma, **35**
trigeminal trophic syndrome, Unilateral facial ulceration and Horner's syndrome, **107**
trimethylaminuria, Fish odour syndrome: *review,* **451**
tuberculosis, A case of painful thigh, **767**
Chronic otitis and tenosynovitis in an elderly diabetic woman, **121**
Early use of 'open-air' treatment for 'pulmonary phthisis' at the Dreadnought Hospital, Greenwich, 1900–1905: *review,* **326**
Splenic tuberculosis, **578**
Tuberculosis of the central nervous system: *review,* **133**
Tuberculosis of the central nervous system: *letter,* **511**
Tuberculosis presenting as deep vein thrombosis, **104**

Visceral leishmaniasis masquerading as tuberculosis in a patient with AIDS, **732**
tuberculous meningitis, A focal central nervous system mass in an AIDS patient with tuberculous meningitis, **697**
tumoral calcinosis, Peri-articular 'hard tumours' in soft tissues, **492**
tumour necrosis factor, Severe hypercalcaemia in B-cell lymphoma: combined effects of PTH-rP, IL-6 and TNF, **672**
twins, Concordance of primary generalised epilepsy and carbamazepine hypersensitivity in monozygotic twins, **680**
Simultaneous onset of idiopathic dilated cardiomyopathy in identical middle-aged twins, **157**

ultrasound, Methods of obtaining peripheral venous access in difficult situations: *review,* **459**
urease testing, Evaluation of the one-minute ultra-rapid urease test for diagnosing *Helicobacter pylori* , **154**
ureteric obstruction, A case of ureteric obstruction, retroperitoneal fibrosis, and carcinoid tumour, **38**
urinary tract infection, Hypotension and intractable vomiting in the first trimester of pregnancy, **623**

vancomycin, Red-man syndrome after vancomycin: potential cross-reactivity with teicoplanin, **41**
varicella pneumonia, Fever and dyspnoea in a young man with a rash, **251**
vasculitis, An unusual rash, **237**
Systemic vasculitis and atypical infections: report of two cases, **544**
vegetative state, The vegetative state – clinical diagnosis: *editorial,* **321**
venous cannulation, Methods of obtaining peripheral venous access in difficult situations: *review,* **459**
venous sinus thrombosis, Extrinsic cerebral venous sinus obstruction resulting in intracranial hypertension, **550**
venous thrombosis, An unusual cause of leg ulceration, **247**
ventricular thrombus, Multiple left ventricular thrombi in dilated cardiomyopathy, **315**
verrucous carcinoma, Verrucous carcinoma of the female breast, **674**
vertebral osteomyelitis, Postoperative back pain, **59**
Vibrio vulnificus, Diarrhoea, fever, shock and bullous skin lesions after ingestion of raw oysters, **565**
villous adenoma, Postural hypotension and electrolyte disturbances in a 61-year-old man, **185**
viral encephalitis, High-grade glioma mimicking acute viral encephalitis – three case reports, **728**
visual impairment, Funduscopy: a forgotten art?, **282**
Vogt-Koyanagi-Harada syndrome, Eye disease in a patient with rheumatoid arthritis, **676**
voltage-gated calcium channels, Lambert-Eaton myasthenic syndrome: *review,* **516**
volvulus, Acute epigastric pain and recurrent vomiting in an elderly man, **305**
Small bowel obstruction in a young adult, **173**
vomiting, Hypotension and intractable vomiting in the first trimester of pregnancy, **623**
Oral presentation of an oesophageal mucosal tear, **615**
von Hippel-Lindau syndrome, A new diabetic patient with an abdominal mass, **249**
von Meyenburg complexes, A rare but important cause of focal hepatic lesions, **567**
vulval cancer, Gynaecological cancer: *review,* **332**

Wallenberg's syndrome, Unilateral facial ulceration and Horner's syndrome, **107**
warfarin, Abdominal pain in a patient using warfarin, **747**
Co-prescription of H2 receptor blockers and proton pump inhibitors with warfarin in general practice, **721**
Unusual findings in a patient taking warfarin, **299**
Warfarin-induced skin necrosis, **233**
weight gain, Smoking, eating disorders, and weight control: *letter,* **127**
weight loss, An unusual cause of dysphagia, **629**
Wilms tumour, An unusual tumour in a post-partum woman, **61**
Wilson's disease, A homesick student, **375**
wormian bones, Abnormal skull X-ray in a child with growth retardation, **751**
wound infection, Postoperative back pain, **59**
